

Hello from The Dominican Republic!

Buenos Dias!

Life in the Dominican Republic has definitely had it's challenges. But despite the discomforts, God is definitely on the move in the hearts of the students on our team as well as the Dominican students we are ministering to here. We've seen dozen's come to Christ and we still have another week before we return to the US. We will send a letter to give you all the details of how God is working here when we return. Thank you for the part you have played in this ministry with prayer and support. It means so much to us and it is making an eternal impact!

Many Blessings,
Ken, Amy, Mia & Andi
